

Smart Lockers for Padel Clubs

Capex-Free | Automated | Profitable

A Game-Changing Approach to Padel Equipment Storage

Today's padel players expect more convenience — and operators expect better margins.

CrowdStor Smart Lockers make both possible with automated, capex-free locker solutions that deliver seamless self-service storage, rental, and equipment management for padel and leisure venues.

No staff queues. No manual handling. No lost equipment.
Just simple, smart automation that saves you time and generates new income every day.

Why Padel Operators Are Switching to Smart Lockers

Capex-Free Installation

No upfront investment — flexible revenue-share and lease models mean your lockers start generating income from day one.

Save on Staff Costs

Reduce manual check-ins, key handling, and reception time.
Automated processes let your team focus on higher-value guest experience.

Generate More Revenue

Offer pay-per-use equipment rentals (rackets, towels, accessories) and secure storage 24/7.

Turn your locker wall into a steady, predictable revenue stream.

Enhance Visitor Experience

Players can rent or return items in seconds using contactless payment or mobile app access — no staff required.

Real-Time Insights

Monitor locker usage, rental trends, and transactions from one simple dashboard.

A Smarter Way to Operate Your Club

CrowdStor Smart Lockers integrate seamlessly into your facility — indoors or outdoors — enabling:

- 24/7 access for members and guests
 - Cashless payments via app or QR code
 - Configurable sizes and custom branding
 - Cloud-based control with full audit trails
-

From Reception to Revenue — Instinctively

With CrowdStor, you can reduce staffing costs, remove operational friction, and generate new recurring income — all while enhancing the member experience.

Padel operators using Smart Lockers report saving up to 30 staff hours per month while unlocking new rental revenue.
